

SETO LED SNAKE SAFE WAY SERIES

"Emergency light function" even without power

The **SETO LED SNAKE SAFE WAY** series minimises the effort for temporary construction path lighting. Long corridors or staircases and lift shafts can be illuminated with the **LED rope lights** within a very short time.

For this purpose, the flexible and highly robust LED rope light is simply rolled out and attached to the ceiling of a corridor with clips or reversible adhesive tape, or suspended in the stairwell. Depending on the size of the area to be illuminated, several ropes can also be combined so that the required illumination is always achieved (total length not more than 50 metres, not more than 600 watts power consumption per connection cable).

Thanks to the high power of 12 watts per metre, distributed over 180 LEDs per metre, the LED rope lights of the **SETO LED SNAKE SAFE WAY** series achieve a previously unattained luminous intensity. This is homogeneously distributed in the area to be illuminated thanks to the slight diffusion of the rope material.

With the help of a special fluorescent additive in the sheath of the **SETO LED SNAKE SAFE WAY**, it glows even after the power is switched off. This means that it is still visible for some time even in the dark and provides orientation in an emergency.

PRODUCT FEATURES

- Extremely bright
- Highly robust and flexible
- Fluorescent (glows in the dark)
- Suitable for outdoor applications
- Various mounting accessories available

TECHNICAL DATA

	SETO LED SNAKE ... – SAFE WAY		SETO LED DOUBLE SNAKE ... – SAFE WAY
<i>Electrical data</i>	25/300	50/600	50/675
Input voltage	230 V AC, 50 Hz		
Power consumption	300 W	600 W	675 W
<i>Lighting data</i>			
Luminant	High-power LED		
	180 pcs. per metre		2 x 180 pcs. per metre
Light colour	5,000 K		
CRI	> 80		
Duration of afterglow (fluorescence)	approx. 10 minutes		
<i>General data</i>			
Degree of protection	IP65		
Connection	Schuko®, IP44		
Operating temperature	-20 to +45 °C		
Length	25 m	50 m	50 m
Item no.	1428003040	1428003041	1428003043

OPTIONAL ACCESSORIES

SETO LED SNAKE connection cable "angular" 1.5 m + connector

Clips (screwable)

T-connector

End cap

Hose connector

SETO LED SNAKE connection cable "round"

T-connector with round connection

Item no. 1428003020

Item no. 1428003021

Item no. 1428003022

Item no. 1428003023

Item no. 1428003024

Item no. 1428003028

Item no. 1428003031
