Description

Colorful illumination for tower cranes

The imposing top-slewing cranes in particular characterize the picture on large construction sites. They usually not only tower over surrounding houses, halls and buildings, but are often visible from a great distance as part of a city skyline.

They are therefore ideally suited as an eye-catcher to draw attention to the branding of the developer or to give the construction site additional awareness through targeted lighting.

The SETO AURORA and SETO GALAXIS high-performance searchlights, which can be attached to the tower or jib elements before the crane is assembled, are ideal for illuminating cranes.

With the free choice of color and the possibility of preset light programs, they put every crane in the limelight and thus enhance every modern construction site in the long term.

For uncomplicated use, the devices are simply connected to each other using appropriate extensions and can then be controlled either on the 'master spotlight' or via an additional module via app.

Product Highlights

- Extremely bright + high color variety
- Simple control via 'master spotlight' or via the free app
- High optical long-distance effect for your crane or the construction site

Technical Specifications

General Data

Attribute	Value	Unit
Brand	SETO	
Model	GALAXIS	
Temperature (min)	-25	°C
Temperature (max)	+40	°C
Dimensions	466x123x338	mm
IP Class	IP65	
Weight	12	kg
Light Functions	DMX Color Control	

Lighting Data

Attribute	Value	Unit
Luminant	40x10W RGBW 4in1 leds	

Technical Specifications (cont.)

Lighting Data

Attribute	Value	Unit
Beam Angle	45	°

Electrical Data

Attribute	Value	Unit
Input Voltage	100-240	V
Mains Frequency	50-60	Hz
Type of Current	AC	
Power Consumption	420	W
Protection Class	I	

Accessories

Other

Article No.	Image	Name
1424000342		Connection cable power 15 m
1424000343		Power connector 20 m, 3 pin male and 3 pin female waterproof (with protection caps)
1424000344		Connection cable data 15 m
1424000345		Signal connector 20 m
1424000346		Wifi-DMX
1424000347		Power connector 25 m, 3 pin male and 3 pin female waterproof (with protection caps)
